AUTHOR INDEX

Aaron, D.K., see Langlois, B.E. et al.
Alain, R., *see* Trépanier, P. et al.
Auer, L.A. and Schleehauf, S.M. (Yeerongpilly, Qld., Australia)
Antibodies to mycobacteria in cattle not infected with *Mycobacterium bovis* 51
Bernárdez, I., *see* Blanco, J. et al.
Blanco, J., González, E.A., Blanco, M., Regueiro, B., Bernárdez, I. (Lugo, Spain) and García, S. (La Coruña, Spain)
Production of toxins by *Escherichia coli* strains isolated from calves with diarrhoea in Galicia (North-western Spain) 297
Blanco, M., *see* J. et al.
Blancou, J., *see* Brochier, B.M. et al.
Bond, C.W., *see* Roberts, P.C. et al.
Bricker, B.J., Tabatabai, L.B., Deyoe, B.L. and Mayfield, J.E. (Ames, IA, U.S.A.)
Conservation of antigenicity in a 31-kDa *Brucella* protein 313
Brochier, B.M., Costy, F., Pastoret, P.-P. (Brussels, Belgium), Languet, B., Desmettre, P. (Lyons, France), Blancou, J. (Malzéville, France), Kieny, M.P. and Lecocq, J.P. (Strasbourg, France)
Use of recombinant vaccinia–rabies virus for oral vaccination of fox cubs (*Vulpes vulpes*, L) against rabies 103
Bundesen, P.G., *see* Corner, L.A. et al.
Chamnanpood, P., *see* Westbury, H.A. et al.
Chanter, N., *see* Magyar, T. et al.
Corner, L.A. (Parkville, Vic., Australia) and Trajstman, A.C. (Clayton, Vic., Australia)
An evaluation of 1-hexadecylpyridinium chloride as a decontaminant in the primary isolation of *Mycobacterium bovis* from bovine lesions 127
Corner, L.A., Wood, P.R. (Parkville, Vic., Australia), John, M. and Bundesen, P.G. (Acacia Ridge, Qld., Australia)
Identification of *Mycobacterium bovis* isolates using a monoclonal antibody 191
Correa, I., *see* Wesley, R.D. et al.
Costy, F., *see* Brochier, B.M. et al.
Dawson, K.A., *see* Langlois, B.E. et al.
Delgoffe, J.C., *see* Florent, G., et al.
Desmettre, P., *see* Brochier, B.M. et al.
Deyoe, B.L., *see* Bricker, B.J. et al.
Donaldson, A.I., *see* Ferris, N.P. and Donaldson, A.I.
Doughty, W.J., *see* Westbury, H.A. et al.
Eaves, F.W., *see* Timms, P. et al.
Eguchi, M., Kuniyasu, C. and Kishima, M. (Hokkaido, Japan)
Passive hemagglutination test for detection of antibodies against *Taylorella (Haemophilus) equigenitalis* in sera of mares 155
Enjuanes, L., *see* Wesley, R.D. et al.
Etchison, J.R., *see* Roberts, P.C. et al.
Ferris, N.P. and Donaldson, A.I. (Woking, Gt. Britain)
An enzyme-linked immunosorbent assay for the detection of vesicular stomatitis virus antigen 243
Florent, G., Delgoffe, J.C. and Zygraich, N. (Louvain-la-Neuve, Belgium)
Detection of antibodies to bovine leukemia virus in bovine milk samples with an ELISA involving two monoclonal antibodies 89

Froman, G., *see* Mamo, W. et al.
Fuller, F.J., *see* Richards, R.G. et al.
García, S., *see* Blanco, J. et al.
Gard, G.P., Shorthose, J.E., Weir, R.P., Walsh, S.J. and Melville, L.F. (Darwin, N.T., Australia)
Arboviruses recovered from sentinel livestock in northern Australia 109
Gard, G.P., Weir, R.P. and Walsh, S.J. (Darwin, N.T., Australia)
Arboviruses recovered from sentinel cattle using several virus isolation methods 119
Gaskell, R.M., *see* Stoddart, M.E. et al.
Ghazikhanian, G.Y., *see* Zhao, S. et al.
Gil-Turnes, C., *see* Oliveira, A.S. and Gil-Turnes, C.
González, E.A., *see* Blanco, J. et al.
Gyles, C.L., *see* Poppe, C. and Gyles, C.L.
Hall, G.A., *see* Magyar, T. et al.
Harbour, D.A., *see* Stoddart, M.E. et al.
Heidner, H.W., *see* Richards, R.G. et al.
Higgins, R., *see* Lallier, R. and Higgins, R.
Hübert, P.H., *see* Meyer, H. and Hübert, P.H.
Ibrahim, A.L., *see* Trépanier, P. et al.
Jacob, R.J. and Steiner, M.R. (Lexington, KY, U.S.A.)
Molecular pathogenesis of equine coital exanthema: indentification and expression of infected cell polypeptides at the restricted temperature during equine herpesvirus 3 infection 363
John, M., *see* Corner, L.A. et al.
Kawaoka, Y., *see* Otsuki, K. et al.
Khan, M.I., *see* Zhao, S. et al.
Kieny, M.P., *see* Brochier, B.M. et al.
Kishima, M., *see* Eguchi, M. et al.
Kuniyasu, C., *see* Eguchi, M. et al.
Lallier, R. and Higgins, R. (St-Hyacinthe, Que., Canada)
Biochemical and toxigenic characteristics of *Aeromonas* spp. isolated from diseased mammals, moribund and healthy fish 63
Langlois, B.E., Dawson, K.A., Leak, I. and Aaron, D.K. (Lexington, KY, U.S.A.)
Antimicrobial resistance of fecal coliforms from pigs in a herd not exposed to antimicrobial agents for 126 months 147
Languet, B., *see* Brochier, B.M. et al.
Latrou, Y., *see* Rainard, P. et al.
Lavin, M.F., *see* Timms, P. et al.
Lax, A.J., *see* Magyar, T. et al.
Leak, I., *see* Langlois, B.E. et al.
Lebo, D.F., *see* Stanton, T.B. et al.
Lecocq, J.P., *see* Brochier, B.M. et al.
Lecomte, J., see Trépanier, P. et al.
Lenser, D.K., McDonald, T.L. and Miller, N.G. (Omaha, NE, U.S.A.)
Protection of mice against the lethal effect of an intraperitoneal infection with *Haemophilus* (*Actinobacillus*) *pleuropneumoniae* after vaccination with capsular proteins 335
Lussier, G., *see* Trépanier, P. et al.
MacLachlan, N.J., *see* Richards, R.G. et al.
Magyar, T., Chanter, N., Lax, A.J., Rutter, J.M. and Hall, G.A. (Compton, Gt. Britain)
The pathogenesis of turbinate atrophy in pigs caused by *Bordetella bronchiseptica* 135

Mamo, W., Fröman, G. and Wadström, T. (Uppsala, Sweden)
Interaction of sub-epithelial connective tissue components with *Staphylococcus aureus* and coagulase-negative staphylococci from bovine mastitis. 163
Mayfield, J.E., *see* Bricker, B.J. et al.

Sheikh-Omar, A.R., *see* Trépanier, P. et al.
Shorthose, J.E., *see* Gard, G.P. et al.
Stanton, T.B. and Lebo, D.F. (Ames, IA, U.S.A.)
Treponema hydysenteriae growth under various culture conditions 177
Steiner, M.R., *see* Jacob, R.J. and Steiner, M.R.
Stoddart, M.E., Harbour, D.A., Pearson, G.R. (Bristol, Gt. Britain) and Gaskell, R.M. (Neston, Gt. Britain)
The sites of early viral replication in feline infectious peritonitis 259

Suarez, C.E., Pacheco, G.A. and Vigliocco, A.M. (Buenos Aires, Argentina)
Characterization of *Brucella ovis* surface antigens 349
Sutherland, S.S. and Robertson, G.M. (South Perth, W.A., Australia)
Vaccination against ovine dermatophilosis 285
Swaney, L.M. (Greenport, NY, U.S.A.)
A continuous bovine kidney cell line for routine assays of foot-and-mouth disease virus .. 1
Tabatabai, L.B., *see* Bricker, B.J. et al.
Tangchaitrong, S., *see* Westbury, H.A. et al.
Timms, P., Eaves, F.W. and Rodwell, B.J. (Yeerongpilly, Qld., Australia) and Lavin, M.F. (St. Lucia, Qld., Australia)
Comparison of DNA-spot hybridization, cell culture and direct immunofluorescence staining for the diagnosis of avian chlamydiae 15
Trajstman, A.C., *see* Corner, L.A. and Trajstman, A.C.
Trépanier, P., Montpetit, C., Lecomte, J., Alain, R., Lussier, G., Trudel, M. (Laval, Que., Canada), Minocha, H.C. (Manhattan, KS, U.S.A.), Ibrahim, A.L. and Sheikh-Omar, A.R. (Selangor, Malaysia)
Further biological, serological and biochemical characterization of North American, European and Southeast Asian strains of bovine herpesvirus 1 compared with other Alphaherpesvirinae members 219
Trudel, M., *see* Trépanier, P. et al.
Tsubokura, M., *see* Otsuki, K. et al.
Vigliocco, A.M., *see* Suarez, C.E. et al.
Wädstrom, T., *see* Mamo, W. et al.
Walsh, S.J., *see* Gard, G.P. et al.
Weir, R.P., *see* Gard, G.P. et al.
Wesley, R.D. and Woods, R.D. (Ames, IA, U.S.A.), Correa I. and Eujuanes L. (Madrid, Spain)
Lack of protection in vivo with neutralizing monoclonal antibodies to transmissible gastroenteritis virus 197
Westbury, H.A., Doughty, W.J. (Geelong, Vic., Australia), Chamnanpood, P., and Tangchaitrong, S. (Lampang, Thailand)
Single dilution ELISA for detection of serum antibody to foot-and-mouth disease virus in cattle 273
Wood, P.R., *see* Corner, L.A. et al.
Woods, R.D., *see* Wesley, R.D. et al.
Yamamoto, R., *see* Zhao, S. et al.
Yamazaki, K., *see* Otsuki, K. et al.
Zhao, S., Yamamoto, R., Ghazikhanian, G.Y. and Khan, M.I. (Davis, CA, U.S.A.)
Antigenic analysis of three strains of *Mycoplasma meleagridis* of varying pathogenicity .. 373
Zygraich, N., *see* Florent, G. et al.

SUBJECT INDEX

Aeromonas spp.
Biochemical and toxigenic characteristics of *Aeromonas* spp. isolated from diseased mammals, moribund and healthy fish 63
Arboviruses
Arboviruses recovered from cattle using several virus isolation methods 119
Arboviruses recovered from sentinel livestock in northern Australia 109
Assay
A continuous bovine kidney cell line for routine assays of foot-and-mouth disease virus .. 1
A rapid, quantitative assay for titration of bovine virus diarrhoea-mucosal disease virus . 209
Further biological, serological and biochemical characterization of North American, European, and Southeast Asian strains of bovine herpesvirus 1 compared with other Alphaherpesvirinae members 219
Identification of *Mycobacterium bovis* isolates using a monoclonal antibody 191
Atrophic rhinitis
Studies on the antigenic relationships of six adherent isolates of *Bordetella bronchiseptica* 327
Bacteriology
An evaluation of 1-hexadecylpyridinium chloride as a decontaminant in the primary isolation of *Mycobacterium bovis* from bovine lesions 127
Antibodies to mycobacteria in cattle not infected with *Mycobacterium bovis* 51
Antimicrobial resistance of fecal coliforms from pigs in a herd not exposed to antimicrobial agents for 126 months 147
Biochemical and toxigenic characteristics of *Aeromonas* spp. isolated from diseased mammals, moribund and healthy fish 63
Characterization of *Brucella Ovis* surface antigens 349
Conservation of antigenicity in a 31-kDa *Brucella* protein 313
Development and evaluation of an enzyme-linked immunosorbent assay for endotoxin in milk 27
Identification of *Mycobacterium bovis* isolates using a monoclonal antibody 191
Infectious disease (Book Review) 382
Ingestion and killing of *Streptococcus agalactiae* by bovine granulocytes in the presence of natural opsonins 41
Interaction of sub-epithelial connective tissue components with *Staphylococcus aureus* and coagulase-negative staphylococci from bovine mastitis 163
Passive hemagglutination test for detection of antibodies against *Taylorella* (*Haemophilus*) *equigenitalis* in sera of mares 155
Production of toxins by *Escherichia coli* strains isolated from calves with diarrhoea in Galicia (North-western Spain) 297
Protection of mice against the lethal effect of an intraperitoneal infection with *Haemophilus* (*Actinobacillus*) *pleuropneumoniae* after vaccination with capsular proteins 335
Studies on the antigenic relationships of six adherent isolates of *Bordetella bronchiseptica* 327
Tagging and elimination of plasmids in *Salmonella* of avian origin 73
The pathogenesis of turbinate atrophy in pigs caused by *Bordetella bronchiseptica* 135
Treponema hyodysenteriae growth under various culture conditions 177
Vaccination against ovine dermatophilosis 285
Bluetongue virus
Comparison of virologic and serologic responses of lambs and calves infected with bluetongue virus serotype 10 233

Bordetella bronchiseptica
Studies on the antigenic relationships of six adherent isolates of *Bordetella bronchiseptica* 327
The pathogenesis of turbinate atrophy in pigs caused by *Bordetella bronchiseptica* 135
Bovine herpesvirus
Further biological, serological and biochemical characterization of North American, European, and Southeast Asian strains of bovine herpesvirus 1 compared with other Alphaherpesvirinae members 219
Bovine leukaemia virus
Detection of antibodies to bovine leukaemia virus in bovine milk samples with an ELISA involving two monoclonal antibodies 89
Bovine virus diarrhoea-mucosal disease virus
A rapid, quantitative assay for titration of bovine virus diarrhoea-mucosal disease virus . 209
Brucella abortus
Conservation of antigenicity in a 31-kDa *Brucella* protein 313
Brucella ovis
Characterization of *Brucella ovis* surface antigens 349
Buffalo
Arboviruses recovered from sentinel livestock in northern Australia 109
Calves
A continuous bovine kidney cell line for routine assays of foot-and-mouth disease virus .. 1
Comparison of virologic and serologic responses of lambs and calves infected with bluetongue virus serotype 10 233
Production of toxins by *Escherichia coli* strains isolated from calves with diarrhoea in Galicia (North-western Spain) 297
Cats
The sites of early viral replication in feline infectious peritonitis 259
Cattle
Antibodies to mycobacteria in cattle not infected with *Mycobacterium bovis* 51
Arboviruses recovered from sentinel cattle using several virus isolation methods 119
Detection of antibodies to bovine leukaemia virus in bovine milk samples with an ELISA involving two monoclonal antibodies 89
Ingestion and killing of *Streptococcus agalactiae* by bovine granulocytes in the presence of natural opsonins 41
Single dilution ELISA for detection of serum antibody to foot-and-mouth disease virus in cattle 273
Chickens
Intracerebral pathogenicity for chickens of avian influenza viruses isolated from free-living waterfowl in Japan 357
Chlamydiae (avian)
Comparison of DNA-spot hybridization, cell culture and direct immunofluorescence staining for the diagnosis of avian chlamydiae 15
Chromosome
A continuous bovine kidney cell line for routine assays of foot-and-mouth disease virus .. 1
Coliforms
Antimicrobial resistance of fecal coliforms from pigs in a herd not exposed to antimicrobial agents for 126 months 147
Culture
Comparison of DNA-spot hybridization, cell culture and direct immunofluorescence staining for the diagnosis of avian chlamydiae 15

Treponema hyodysenteriae growth under various culture conditions 177
Dermatophilus congolensis
Vaccination against ovine dermatophilosis 285
Diagnostics
An evaluation of 1-hexadecylpyridinium chloride as a decontaminant in the primary isolation of *Mycobacterium bovis* from bovine lesions 127
Comparison of DNA-spot hybridization, cell culture and direct immunofluorescence staining for the diagnosis of avian chlamydiae 15
Conservation of antigenicity in a 31-kDa *Brucella* protein 313
Identification of *Mycobacterium bovis* isolates using a monoclonal antibody 191
Passive hemagglutination test for detection of antibodies against *Taylorella* (*Haemophilus*) *equigenitalis* in sera of mares 155
Diarrhoea
Production of toxins by *Escherichia coli* strains isolated from calves with diarrhoea in Galicia (North-western Spain) 297
DNA-spot-hybridization
Comparison of DNA-spot hybridization, cell culture and direct immunofluorescence staining for the diagnosis of avian chlamydiae 15
ELISA
An enzyme-linked immunosorbent assay for the detection of vesicular stomatitis virus antigen 243
Antibodies to mycobacteria in cattle not infected with *Mycobacterium bovis* 51
Detection of antibodies to bovine leukaemia virus in bovine milk samples with an ELISA involving two monoclonal antibodies 89
Development and evaluation of an enzyme-linked immunosorbent assay for endotoxin in milk 27
Ingestion and killing of *Streptococcus agalactiae* by bovine granulocytes in the presence of natural opsonins 41
Single dilution ELISA for detection of serum antibody to foot-and-mouth disease virus in cattle 273
Endotoxin
Development and evaluation of an enzyme-linked immunosorbent assay for endotoxin in milk 27
Equine coital exanthema
Molecular pathogenesis of equine coital exanthema: identification and expression of infected cell polypeptides at the restricted temperature during equine herpesvirus 3 infection 363
Equine herpesvirus
Isolation and characterization of monoclonal antibodies against an attenuated vaccine strain of equine herpesvirus type 1 (EHV-1) 95
Molecular pathogenesis of equine coital exanthema: identification and expression of infected cell polypeptides at the restricted temperature during equine herpesvirus 3 infection 363
Escherichia coli
Conservation of antigenicity in a 31-kDa *Brucella* protein 313
Development and evaluation of an enzyme-linked immunosorbent assay for endotoxin in milk 27
Production of toxins by *Escherichia coli* strains isolated from calves with diarrhoea in Galicia (North-western Spain) 297
Tagging and elimination of plasmids in Salmonella of avian origin 73

Feline infectious peritonitis
The sites of early viral replication in feline infectious peritonitis 259
Fish
Biochemical and toxigenic characteristics of *Aeromonas* spp. isolated from diseased mammals, moribund and healthy fish 63
Foot-and-mouth disease
A continuous bovine kidney cell line for routine assays of foot-and-mouth disease virus .. 1
Single dilution ELISA for detection of serum antibody to foot-and-mouth disease virus in cattle 273
The state veterinary journal (Book Review) 380
Fowl plague virus
Intracerebral pathogenicity for chickens of avian influenza viruses isolated from free-living waterfowl in Japan 357
Fox cubs
Use of recombinant vaccinia–rabies virus for oral vaccination of fox cubs (*Vulpes vulpes*, L) against rabies 103
Gastroenteritis virus
Lack of protection in vivo with neutralizing monoclonal antibodies to transmissible gastroenteritis virus 197
Goats
Arboviruses recovered from sentinel livestock in northern Australia 109
Granulocyte
Ingestion and killing of *Streptococcus agalactiae* by bovine granulocytes in the presence of natural opsonins 41
Haemagglutination
Further biological, serological and biochemical characterization of North American, European, and Southeast Asian strains of bovine herpesvirus 1 compared with other Alphaherpesvirinae members 219
Passive hemagglutination test for detection of antibodies against *Taylorella* (*Haemophilus*) *equigenitalis* in sera of mares 155
Studies on the antigenic relationships of six adherent isolates of *Bordetella bronchiseptica* 327
Haemophilus (*Actinobacillus*) *pleuropneumoniae*
Protection of mice against the lethal effect of an intraperitoneal infection with *Haemophilus* (*Actinobacillus*) *pleuropneumoniae* after vaccination with capsular proteins 335
Herpesvirus
Further biological, serological and biochemical characterization of North American, European, and Southeast Asian strains of bovine herpesvirus 1 compared with other Alphaherpesvirinae members 219
Isolation and characterization of monoclonal antibodies against an attenuated vaccine strain of equine herpesvirus type 1 (EHV-1) 95
Horses
Passive hemagglutination test for detection of antibodies against *Taylorella* (*Haemophilus*) *equigenitalis* in sera of mares 155
Immunofluorescence
Antigenic analysis of three strains of *Mycoplasma meleagridis* of varying pathogenicity .. 373
A rapid, quantitative assay for titration of bovine virus diarrhoea–mucosal disease virus . 209
Comparison of DNA-spot hybridization, cell culture and direct immunofluorescence staining for the diagnosis of avian chlamydiae 15

Influenza viruses (avian)
Intracerebral pathogenicity for chickens of avian influenza viruses isolated from free-living waterfowl in Japan 357
Lambs
Comparison of virologic and serologic responses of lambs and calves infected with bluetongue virus serotype 10 233
Language
Dictionary of veterinary science (Book Review) 379
Mammals
Biochemical and toxigenic characteristics of *Aeromonas* spp. isolated from diseased mammals, moribund and healthy fish 63
Mastitis
Development and evaluation of an enzyme-linked immunosorbent assay for endotoxin in milk 27
Interaction of sub-epithelial connective tissue components with *Staphylococcus aureus* and coagulase-negative staphylococci from bovine mastitis 163
Mice
Protection of mice against the lethal effect of an intraperitoneal infection with *Haemophilus* (*Actinobacillus*) *pleuropneumoniae* after vaccination with capsular proteins 335
Milk
Detection of antibodies to bovine leukaemia virus in bovine milk samples with an ELISA involving two monoclonal antibodies 89
Development and evaluation of an enzyme-linked immunosorbent assay for endotoxin in milk 27
Interaction of sub-epithelial connective tissue components with *Staphylococcus aureus* and coagulase-negative staphylococci from bovine mastitis 163
Monoclonal antibodies
Detection of antibodies to bovine leukaemia virus in bovine milk samples with an ELISA involving two monoclonal antibodies 89
Identification of *Mycobacterium bovis* isolates using a monoclonal antibody 191
Isolation and characterization of monoclonal antibodies against an attenuated vaccine strain of equine herpesvirus type 1 (EHV-1) 95
Lack of protection in vivo with neutralizing monoclonal antibodies to transmissible gastroenteritis virus 197
Mycobacterium bovis
An evaluation of 1-hexadecylpyridinium chloride as a decontaminant in the primary isolation of *Mycobacterium bovis* from bovine lesions 127
Antibodies to mycobacteria in cattle not infected with *Mycobacterium bovis* 51
Identification of *Mycobacterium bovis* isolates using a monoclonal antibody 191
Mycoplasma meleagridis
Antigenic analysis of three strains of *Mycoplasma meleagridis* of varying pathogenicity .. 373
Opsonins
Ingestion and killing of *Streptococcus agalactiae* by bovine granulocytes in the presence of natural opsonins 41
Ovine dermatophilosis
Vaccination against ovine dermatophilosis 285
PAGE
Antigenic analysis of three strains of *Mycoplasma meleagridis* of varying pathogenicity .. 373
Characterization of *Brucella ovis* surface antigens 349

Molecular pathogenesis of equine coital exanthema: identification and expression of infected cell polypeptides at the restricted temperature during equine herpesvirus 3 infection 363
Pathogenicity
Antigen analysis of three strains of *Mycoplasma meleagridis* of varying pathogenicity 373
Infectious disease (Book Review) 382
Intracerebral pathogenicity for chickens of avian influenza viruses isolated from free-living waterfowl in Japan 357
Molecular pathogenesis of equine coital exanthema: identification and expression of infected cell polypeptides at the restricted temperature during equine herpesvirus 3 infection 363
The pathogenesis of turbinate atrophy in pigs caused by *Bordetella bronchiseptica* 135
Pigs
Antimicrobial resistance of fecal coliforms from pigs in a herd not exposed to antimicrobial agents for 126 months 147
Studies on the antigenic relationships of six adherent isolates of *Bordetella bronchiseptica* 327
The pathogenesis of turbinate atrophy in pigs caused by *Bordetella bronchiseptica* 135
Plasmids
Tagging and elimination of plasmids in *Salmonella* of avian origin 73
Protozoology
Infectious disease (Book Review) 382
Rabies virus
Use of recombinant vaccinia-rabies virus for oral vaccination of fox cubs (*Vulpus vulpes*, L) against rabies 103
Resistance
Antimicrobial resistance of fecal coliforms from pigs in a herd not exposed to antimicrobial agents for 126 months 147
Salmonella (avian)
Tagging and elimination of plasmids in *Salmonella* of avian origin 73
Sheep
Arboviruses recovered from sentinel livestock in northern Australia 109
Characterization of *Brucella ovis* surface antigens 349
Vaccination against ovine dermatophilosis 285
Streptococcus agalactiae
Ingestion and killing of *Steptococcus agalactiae* by bovine granulocytes in the presence of natural opsonins 41
Staphylococcus aureus
Interaction of sub-epithelial connective tissue components with *Straphylococcus aureus* and coagulase-negative staphylococci from bovine mastitis 163
Taylorella (*Haemophilus*) *equigenitalis*
Passive hemagglutination test for detection of antibodies against *Taylorella* (*Haemophilus*) *equigenitalis* in sera of mares 155
Treponema hyodysenteriae
Treponema hyodysenteriae growth under various culture conditions 177
Vaccination
Protection of mice against the lethal effect of an intraperitoneal infection with *Haemophilus* (*Actinobacillus*) *pleuropneumoniae* after vaccination with capsular proteins 335
Use of recombinant vaccinia-rabies virus for oral vaccination of fox cubs (*Vulpes vulpes*, L) against rabies 103

Vaccination against ovine dermatophilosis 285
Vesicular stomatitis virus
An enzyme-linked immunosorbent assay for the detection of vesicular stomatitis virus antigen 243
Virology
A continuous bovine kidney cell line for routine assays of foot-and-mouth disease virus .. 1
An enzyme-linked immunosorbent assay for the detection of vesicular stomatitis virus antigen 243
A rapid, quantitative assay for titration of bovine virus diarrhoea–mucosal disease virus . 209
Arboviruses recovered form sentinel cattle using several virus isolation methods 119
Arboviruses recovered from sentinel livestock in northern Australia 109
Comparison of virologic and serologic responses of lambs and calves infected with bluetongue virus serotype 10 233
Detection of antibodies to bovine leukaemia virus in bovine milk samples with an ELSIA involving two monoclonal antibodies 89
Further biological, serological and biochemical characterization of North American, European, and Southeast Asian strains of bovine herpesvirus 1 compared with other Alphaherpesvirinae members 219
Infectious disease (Book Review) 382
Intracerebral pathogenicity for chickens of avian influenza viruses isolated from free-living waterfowl in Japan 357
Isolation and characterization of monoclonal antibodies against an attenuated vaccine strain of equine herpesvirus type 1 (EHV-1) 95
Lack of protection in vivo with neutralizing monoclonal antibodies to transmissible gastroenteritis virus 197
Molecular pathogenesis of equine coital exanthema: identification and expression of infected cell polypeptides at the restricted temperature during equine herpesvirus 3 infection 363
Single dilution ELISA for detection of serum antibody to foot-and-mouth disease virus in cattle 273
The sites of early viral replication in feline infectious peritonitis 259
Use of recombinant vaccinia-rabies for oral vaccination of fox cubs (*Vulpes vulpes*, L) against rabies 103
